

Rx3 Drug List - Concentra

Effective January 1, 2012

Level One – Lowest copayment for low-cost generic drugs.

Level Two – Higher coinsurance for higher cost brand-name drugs.

Level Three – Highest coinsurance for higher cost drugs. These drugs may have generic or brand-name alternatives in Levels One or Two.

Listed below in alphabetical order are commonly prescribed drugs for each level. This is not a complete list. If there is a prescription drug that is not on this list, go to **MyHumana.com** or call the Customer Service phone number on the back of the Humana member ID card to see if it's covered and into what level it falls.

*Specialty - plan specific (copayments or) cost shares for high cost/high-technology drugs often requiring special dispensing conditions. Specialty drug coverage varies by plan. Visit Humana.com and log in to MyHumana to view specific prescription drug benefits, including copayments, limitations and exclusions.

Note: The drugs in **BOLD TYPE** are generic drugs. The drugs in regular type are brand-name drugs.

IR = immediate release, SR = sustained release, ER = extended release, QL = quantity limit, PA = prior authorization, ST = Step Therapy

Please Note: This is a partial list.

All lists are subject to change. Benefits vary by plan. This Drug List may not apply to all plans. Please check the Summary of Benefits or **Humana.com** for the specific prescription drug benefit, including copayments, limitations and exclusions. You may also call a Humana Customer Service representative at the phone number on the back of the Humana member ID card.

Go to Humana.com for a current Drug List

Visit Humana’s Website for the most up-to-date Drug List. The online list is updated regularly. You can also learn more about the prescription drug benefit and copayments. It is suggested that before members go to the pharmacy, they go to **Humana.com**, and log in to *MyHumana* or click on “Register Now” for access to this information and more.
